EXPERIENCE

Operations Controller

BrandSafway, LLC — Boutte, LA
— Mar 2021 – Present

- Oversee financial operations (\$7M+), including budgeting, forecasting, and cost reporting.
- Perform monthly/quarterly balance-sheet reviews and variance analyses across operational accounts.
- Partner with leadership on branch/region performance reviews; identify gaps and corrective actions.
- Lead job-cost reviews and margin controls with project managers and estimators.
- Own month-end close: journals, accruals, capex tracking, and intercompany accounting.
- Deliver KPI dashboards and reports; support bid prep and executive presentations.
- Oversee timekeeping/job-tracking system integrity; validate POs and vendor invoices.

Division Resource Manager / Office Manager

BrandSafway, LLC — Boutte, LA
— Aug 2018 – Mar 2021

- Directed divisional billing, procurement, and resource allocation.
- Built reporting tools improving visibility to project and operational performance.
- Administered inventory controls for \$30M–\$100M in assets.
- Supervised a multi-functional team; standardized processes across departments.
- Negotiated supplier agreements and optimized purchasing terms.

Division Resource Manager

Brand Energy & Infrastructure
Services — LaPlace, LA — 2015 –
2018

- Directed inventory & logistics across multiple sites; managed \$50M+ in assets.
- Led a 10–20 person team, improving efficiency, planning, and on-time delivery.
- Evaluated vendor contracts and drove cost-reduction initiatives.

Environmental Health & Safety Specialist

Brand (various sites) — 2011 –
2015

- Coordinated regulatory compliance and safety audits; contributed to zero reportable incidents.
- Produced RCI reports; advised on root-cause analysis and risk mitigation.
- Monitored EHS metrics and recommended site-wide improvements.

Field Supervisor

Sci-Net, LLC — Baton Rouge, LA
— Jun 2007 – Jul 2010

- Managed field operations and accurate inventory allocation/reporting.
- Conducted performance reviews; maintained customer satisfaction and support.
- Maintained infrastructure (DB/server performance and uptime).

Systems Support Specialist II

Cox Communications — Baton
Rouge, LA — Jun 2001 – Jul 2007

- Built help-desk operations for VOIP/HSI; implemented escalation/resolution protocols.
- Provided troubleshooting, ticket analysis, and user training.
- Contributed to Unisys development efforts with end-user insights.
